Fabrics			Fabrics		
End Products			End Products		

Please answer the following questions:

Is your company currently a BCI member? (Yes/No)	
Does your company currently use BCI's traceability system? (Yes/No)	
How familiar are you with BCI's chain of custody and traceability requirements? (not at all; somewhat; advanced)	
Do you currently buy BCI products? If so, do you import these materials or buy them domestically?	
Are you currently sourcing Better Cotton for other brands and retailers? If so, how many BCI customers do you have?	
Are your top suppliers familiar with Better Cotton? How many of them are BCI members or use BCI's traceability system?	
Please list your top Better Cotton suppliers.	
Do you have any concerns about sourcing Better Cotton in regards to quality, availability, or price?	
What kind of support do you need from BCI to start or improve your Better Cotton sourcing efforts?	
If you're experienced with sourcing Better Cotton, what part of sourcing Better Cotton do you find the most challenging?	
If you're currently sourcing Better Cotton, are you able to buy your standard grade/quality raw material as Better Cotton or do you have to buy a higher or lower grade/quality than what you usually buy just so you can source Better Cotton for your customers?	

Are you currently able to source Better Cotton “cost-neutrally”? If not, what is the reason for the price differential according to your supplier?	
What are your expectations from this training?
