

# Better Cotton Appeals Procedure

Version 1.4, June 2022

## Introduction

Under Better Cotton’s assurance model, licensing decisions for Large Farms and Producer Units are based on the outcomes of outcomes of Licensing Assessments (including credibility checks by Better Cotton staff or third-party verifiers)

Producer Units or Large Farms may appeal against a licensing decision by submitting a written application (along with objective evidence) within 10 working days of being informed of a license cancellation or denial.

The Appellant (i.e. Producer Unit Manager or Large Farm) must submit a completed Appeals Submission form as found on the Better Cotton website. All appeal submissions must:

1. Include a clear rationale for each separate non-conformity being appealed
2. Include detailed supporting evidence for each non-conformity being appealed

Appeal submissions are reviewed and decided by a selected set of members from Better Cotton’s Appeals Committee, which is composed of selected Better Cotton Implementation Team members at the Senior Coordinator level or above and independent third-party verifiers. For more information on the Appeals Committee please refer to the *Better Cotton Appeals Committee Terms of Reference*, available on the Better Cotton website.

Appeal decisions are based on a detailed review of the objective evidence provided (both from the appeals submission form and outcomes of assurance/ licensing activities); with reference to the decisive text in the Better Cotton Principles & Criteria v2.1.

## Appeals Procedure

Process Step	Responsible	Actions
1. Submit Appeal	Appellant (PU Manager or LF Manager)	<p>1a. Producer completes the appeal using the relevant Appeal Submission form (available on the Better Cotton website) for either:</p> <ul style="list-style-type: none"> <li>• Producer Units</li> <li>• Large Farms</li> </ul> <p>1b.
