** A status awarded by a Certification Body to a Producer to confirm their compliance with the Better Cotton Initiative Principles & Criteria Standard has been confirmed.*

*** A time-bound approval to trade Better Cotton issued by a Certification Body to a Producer following an initial Principles & Criteria certification audit, before full compliance is met but where a threshold of compliance is achieved. When the time-bound approval expires trade is no longer allowed unless certification is issued as a result of full compliance being demonstrated. Producers re-joining the programme after their certificate has been cancelled are not eligible for permission to trade if any of the compliance gaps relate to non-conformities identified at the point of cancellation.*
